McCULLOCH®

MAC® 3200 SERIES

A powerful partner for light duty tasks

The McCulloch 3200 series offers something for everyone. For the occasional user who relies on a chain saw for around the yard cutting, pruning, or even light carpentry, we offer this saw with a choice of bar lengths to match the job. Plus, every Mac is built and backed by McCulloch. A name you know and trust and a company with a longstanding reputation for quality.

Operator safety is the highest priority at McCulloch. Each Mac is equipped with state-of-the-art safety features that have made McCulloch the leader in safety. Standard features on every saw, including Chain Brake/Hand Guard, Chain Catcher, Throttle Latch, Spark Arrestor Screen, Safety Trigger, Muffler Shield, and Low Kickback Chain, give the user the ability to operate with confidence.The Mac 3200 Series... designed to work hard and engineered for safety.

McCulloch's complete line of replacement bars and chains, maintenance tools and lubricants makes caring for your Mac easy. Accessories are designed specifically for McCulloch products to ensure top performance and value.

GENUINE HARD CHROME CYLINDER FOR LONGER ENGINE LIFE

32cc(2.0 ci)Engine *handles tough jobs with ease*

Spark Arrestor Screen *reduces fire hazard*

Hard Chrome Plated Cylinder *runs cooler for longer engine life and less friction*

Chain Brake®/Hand Guard *reduces the possibility of kickback injury by stopping chain in milliseconds*

Gear Driven Automatic Chain Oiler *delivers even flow to bar and chain*

Electronic Ignition *for quick starts*

Muffler Shield *protects operator*

Chain Catcher *reduces hazard from chain breaking or derailing from bar*

Primer Carburetor *for fast, easy starts*

Throttle Latch *advances throttle opening for safer, easier starts*

Low Kickback Chain *(MM370GLX) helps reduce the possibility of kickback*

2 Bar Mounting Studs *hold bar securely*

3 Position Choke *enhances starting*

14" and 16" Sprocket Tip Bar *increases cutting capacity and lengthens bar and chain life*

Safety Trigger *prevents accidental acceleration*

Rear Mounted Handle *with foot plate/right hand guard provides better balance and control*
