NO. 1570

MODEL Power Mac 6A

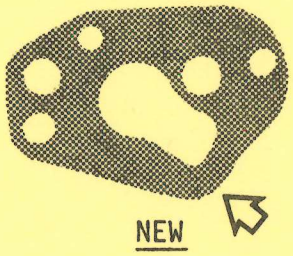

DATE August 20, 1974

SUBJECT IMPROVED OIL PUMP GASKET, P/N 83187

Oil Pump Gasket, P/N 83187, used on the Power Mac 6A saw has been improved by widening the edge supporting area to eliminate the possibility of leaks. The difference between the old (black) and the new (gray) gasket is shown below.
