MODEL All DATE November 15, 1974

SUBJECT NEW WARRANTY AND REGISTRATION CARD

On October 1, 1974, a new warranty registration card was adopted and is now being packed with all McCulloch chain saws shipped from the factory. A facsimile of the new card is shown on the reverse side of this bulletin. Please note several important changes in the warranty and the card:

(a) The warranty period has been extended to 60 days from date of purchase.

(b) The card carries a place for the customer to enter the serial number of the saw. The model number and the factory number are pre-printed.

(c) The customer has only two boxes to check, covering source of purchase and usage of the saw.

Important Information For Dealers

1. The warranty card is designed to provide timely and factual market information needed for forecasting, scheduling and manufacturing, and for the benefit of our total sales effort. It is very important therefore, that the customer fill out the card completely and return it to the factory promptly.

   Do not accumulate cards for a delayed mailing, as this information is needed as soon as possible after sale of the saw.

2. The warranty card enclosed with the saw must be the one returned to the factory; not a substitute card or one that has been altered.

   NOTE: In the event that a warranty card has been lost or destroyed, a replacement may be requested for an individual saw when the model number and serial number are supplied to the factory (Attention: Product Service Department). Warranty cards will not be supplied in bulk quantities.

3. If you wish to keep a record of sales by customer, model and serial number, you should keep this information separately. A booklet "McCulloch Inventory Control and Sales Record" is available from your Distributor for this purpose.

McCULLOCH WARRANTY

McCulloch warrants this chain saw against defects in workmanship or material for a period of 60 days from the date of purchase.

To obtain warranty, saw should be returned to the dealer from whom purchased or to the servicing dealer that he designates.

This warranty does not cover items or service that are normally required to maintain the chain saw (such as spark plugs, lubricating oil, tune-up).

McCulloch shall not be liable for any consequential damages that may result from any malfunctioning of the saw.

McCulloch reserves the right to disallow warranty on any damage or failure caused by failure to operate and maintain the saw according to the instructions in the Owners Manual, or from abuse, accident, or attempts to repair with other than McCulloch parts or with unskilled personnel.

McCULLOCH MAKES NO OTHER REPRESENTATIONS OR WARRANTIES EXPRESSED OR IMPLIED REGARDING THE MERCHANTABILITY OF PRODUCT OR FITNESS OF PRODUCT, AND SUCH WARRANTIES SHALL BE THE SOLE AND EXCLUSIVE REMEDY OF CONSUMER. THIS IMPLIED WARRANTY EXCLUSION IS NOT APPLICABLE IN STATES HAVING LAWS TO THE CONTRARY.
