McCULLOCH SERVICE BULLETIN

NO. 1601

MODEL 1. Mini Mac 25, 30, and 35
2. Mini Mac Hedgetrimmer & Drill

DATE March 23, 1976

SUBJECT 1. Air Filter Cover and Shroud Assembly for Mini Mac 25, 30, and 35.
2. Special Service Cylinders for Mini Mac Hedgetrimmer & Drill Attachment.

1 Mini Mac series chain saws are now being manufactured with a new Air Filter Cover, P/N 91853, which is secured to the shroud with a Screw, P/N 91796 (See Figure 1).

This method of securing the air filter cover, rather than with the previously used wire retainer, results in a tighter fitting air filter.

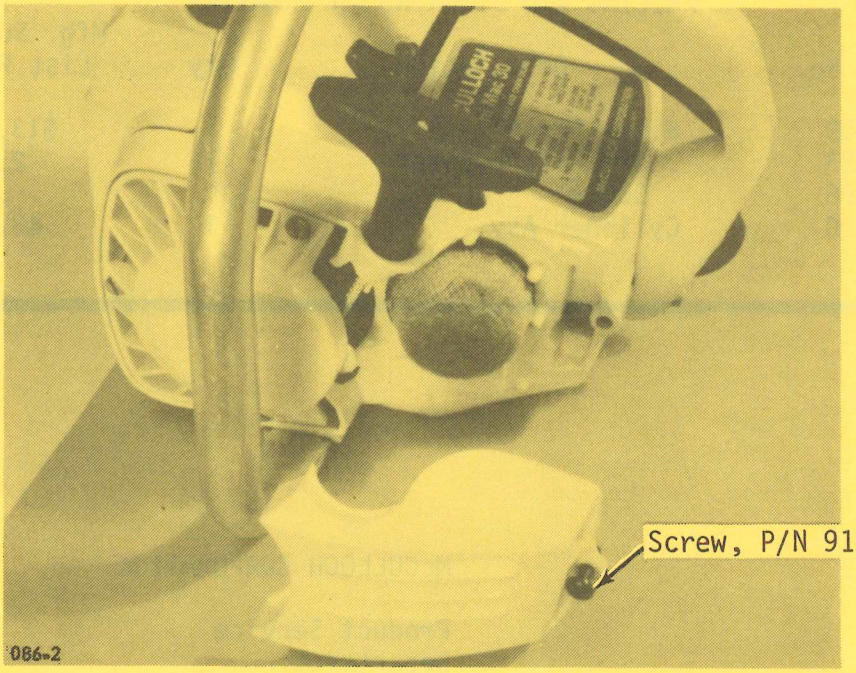

Figure 1.

The models affected by this change and the serial numbers where the change took effect are listed below.

Model	Model Number	Serial Number
MM 25	600093C	13-39640 and up
MM 30	600093E	13-18384 and up
MM 30	600093B	13-22100 and up
MM 30	600093U	13-44923 and up
MM 35	600091U	13-47924 and up
MM 35	600091E	13-11001 and up

The older style shroud, P/N 88567, which used the wire retained air cleaner cover, will be replaced by Shroud Kit, P/N 91859, which consists of the new shroud and new air cleaner cover.

90383 83882

The older style Air Filter Cover, P/N 90393, and Retainer, P/N 83883, will continue to be available as service parts.

---

2 Mini Mac Hedgetrimmer & Drill Attachment Special Service Cylinders.

When replacing cylinder assemblies on Mini Mac Hedgetrimmers and Drill Attachments order Cylinder Assembly, P/N 91700.

Cylinder Assembly, P/N 91700 is manufactured with attachment mounting holes drilled and tapped.

Mini Mac Chain Saw Cylinders, P/N 90637 DO NOT have the attachment mounting holes drilled and tapped.
