McCULLOCH SERVICE BULLETIN

NO. 1608

MODEL 7-10 Automatic DATE June 18, 1976

SUBJECT Model Number 600052A, B, D, and E (16-)

7-10 Automatic Chain Saws, model number 600052A, B, D, and E, now being manufactured are identified by serial number prefix (16-). Illustrated Parts List, P/N 92048, covering this model may be obtained from your Distributor at this time.

Improvements included in this model are:

1. The chain oiling system includes the same improvements as pointed out in Service Bulletin No. 1593.

2. The 7-10 comes equipped with a reed type muffler to reduce exhaust noise.

3. Grommet, P/N 100268, has been added to the spark plug lead to furnish greater protection to the lead at the point where it comes through the cylinder shroud. Coil and Lamination Assembly, P/N 87246A, includes the grommet. Cylinder Shroud, P/N 85731A, has been modified to accept the spark plug lead with the grommet.

Information concerning parts used in the 7-10A, serial number prefix 16-, model number 600052, which were not listed in the previous 7-10A Illustrated Parts List, is presented in the following table.
