McCULLOCH SERVICE BULLETIN

NO. 1624

MODEL Pro 10-10 Automatic Chain Saw DATE November 1, 1976

SUBJECT Model Number 600013 (13-)

Pro 10-10 Automatic chain saws now being manufactured are identified by Model Number 600013 and Serial Number Prefix 13-.

The Illustrated Parts List for this model is P/N 92379. Your Distributor should provide you with a copy of this IPL in the near future if he has not already done so. This IPL supersedes and replaces IPL, P/N 91972.

Improvements and changes included in this model are:

1. A new combination "Safety Trigger and Throttle Latch" has been added. The safety trigger is designed to prevent accidental acceleration of the engine. The throttle latch is provided to hold the throttle partially open during starting.

   Owner's Manual Addendum, P/N 92932, explains operation of the combination "Safety Trigger and Throttle Latch."

2. A new pulse pump seal has been added to improve pump sealing and performance. This new seal, made of aluminum with a rubber bonding, provides improved sealing and performance. It also acts as a shock absorber to cushion the pump piston and therefore increases the life of the piston.

   NOTE: Pump Clamp, P/N 89114, is not required when Pulse Pump Seal, P/N 92818, is used.

Information concerning parts used in the Pro 10-10 Automatic, Model Number 600013, Serial Number Prefix 13-, which were not listed in the previous Pro 10-10 Automatic Illustrated Parts List, is presented in the following table.
