MODEL Pro Mac 10-10 Chain Saws

DATE September 1, 1977

SUBJECT Model Number 600014 (12-)

Pro Mac 10-10 chain saws now being manufactured are identified by Model Number 600014 and Serial Number prefix 12-. The Illustrated Parts List for these models is P/N 93711. Your distributor should provide you with a copy of this IPL in the near future if he has not already done so. IPL P/N 93711 supercedes and replaces IPL P/N 93374.

The Pro Mac 10-10 model now features a new McCulloch Electronic Ignition System. This single piece system provides constant ignition throughout the saw cutting speed range, provides more consistant power output than conventional ignition systems and provides for longer spark plug life. High maintenance items such as the condenser and the breaker points have been eliminated.

Replacement cost of this electronic ignition system is less than the old magneto system or comparable electronic ignition systems now available from competitive manufacturers.

Refer to SB 1652 regarding service procedures for this electronic ignition system.

NOTE: The following changes should be made to IPL P/N 93711.

1. CHAIN BRAKE Assembly, Item 16: change P/N 91245 to P/N 91246. Item 17: change P/N 91246 to P/N 91245. These changes should also be made to the I.P.L.'s of these models: Pro Mac 555, Pro Mac 700 and Pro Mac 850.

2. Service Specifications, Lamination Air Gap should read: .010 to .012 (.25 to .30 mm) for models with serial number prefix 11- (Magneto Ignition System); .011 to .015 inch (.30 to .40 mm) for models with serial number prefix 12-. (Electronic Ignition System).

3. Accessories: change P/N 92895, carrying case to P/N 93285, carrying case (16" Bar Guard). Carrying cases are only available assembled with bar guards and are not sold as individual items.

Information concerning those parts used in the Pro Mac 10-10, Model Number 600014, Serial Number prefix 12-, which differ from the previous Pro Mac 10-10 IPL is presented in the following table.

PRINTED IN U.S.A.

IPL Location	Part Number	Description	Qty.	Mfg. Sugg. List Price	Stock Code

Part numbers listed with suffix letters following the description indicate the part is used only on the model(s) identified by the letter(s). Check the model serial number for this suffix letter. Part numbers and descriptions without suffix letters apply to all models of the Pro Mac 10-10 chain saw. Domestic (U.S.) parts are identified by suffix letters C and U.

The following items are included with (but not assembled on) domestic (U.S.) models.

P/N	Description	Qty	Model Suffix Letter
88167N	Chain Asy-PM370G	2	C
"	" "	1	U
91090	Bar Asy-16" Sprocket Nose	1	C & U
