HORSTMAN

SAVES YOU MONEY!

Horstman Manufacturing has purchased over 7,000 engines from the McCulloch Corporation at reduced prices. These I.K.F. legal Mc91 MC and Mc101 MC engines are now being offered to you at tremendous savings. Yes, we said I.K.F. legal and tremendous savings.

We've installed a plug in the compression release mounting hole, included the latest karting crankshaft, complete with bearings and seals and obtained sanctioning body approval for the whole package.

To keep the price low, you must install the crank (no machining necessary) but who doesn't pull the engine down before they run it anyway! This coupled with the good deal from McCulloch allows us to offer these engines at a suggested list price of $125.00 for the Mc91 MC and $165.00 for the Mc101 MC. That's a savings of $40.00 to $50.00.

Hurry to your Horstman dealer today. Good deals don't last long.
