Tillotson carb double fuel pump conversion

The Tillotson HL or HR series carburetor can be converted to high volume **double pump** setup to allow the use
of methanol (alcohol) fuel, or just to feed more petrol to thirstier engines.

The parts required to do the conversion are ...

1 only	#91A-351	Fuel strainer cover
1 only	#198-305	Fuel pump body
1 only	#91A-303	Diaphragm cover
1 only	#67-38	Inlet valve body
1 only	#DG-4HL	Double pump gasket and diaphragm kit
6 only	#15B-343	Long body screws
